GN-1100

Application

A premium sink appliance for the kitchen that conveniently dispenses instant 98°C water from a single tap. Ideal for making tea, preparing pasta, cleaning dishes, blanching vegetables, warming baby's bottle or for any other activity that requires the use of steaming hot water.

Features

- Sparkling chrome finish
- Elegant spout swivels for convenience
- Gentle touch, one lever dispenser
- Shut off valve built into filter head to automatically stop water flow
- Tap insulated from heat
- Tap mounted on either the kitchen work surface or sink
- Unobtrusive 2.5 litre stainless steel tank fitted under sink
- Easy replaceable filter
- Adjustable temperature dial
- Plugs directly into electrical socket located close to appliance
- Two year full in-home warranty

Benefits

- 98°C steaming hot water instantly
- Produces up to 100 cups of steaming hot water per hour
- Safe, filtered drinking water
- Reduces chlorine, lead, turbidity and other unpleasant tastes and odours from water
- Energy efficient and economical, saving both time and money once installed
- Special scale reduction technology to protect heating elements in hard water
- Time-tested quality
- Tool free tank connections and dry start protection to ease installation

GN-1100 Tap

Elegant swivel spout with gentle touch lever and sparkling chrome finish

Tank

Unobtrusive 2.5 litre stainless steel hot water tank fitted under the sink, with easy adjustable temperature dial with wall socket plug in

Filter

Water supply flows through the in-line filter and then into the tank for heating
